  - Evaluate modifying course curriculum for Fire Fighter I, Fire Fighter II, Company Officer, Chief Fire Officer, Executive Chief Officer to add a mental health and cancer prevention component to each certification track. Evaluate current off the shelf curriculum that can be incorporated (IAFF/NFF). Evaluate if an FSTEP course should also be created.

The cadre is now evaluating if any modifications needs to be made to the curriculum. The cadre is meeting on conference calls. The update curriculum and certification is anticipated to come to STEAC in January 2019.

Solicitation for curriculum cadre members will begin in November 2018. Project work is scheduled to be underway in January 2019 and much of the work to be completed by July 1, 2019. Curriculum is anticipated to be presented to STEAC at the July or October 2019 meetings.
